

## Annual Retreat

Feb 17-20, 2020, Hotel Millanderhof, Brixen

Mon. Feb 17 <sup>th</sup>	11:34	Departure from Munich Central Station (EC 87)
	14:55	Arrival to Brixen / Transfer to Hotel / Check-in / Coffee <i>(please hang up your posters before the session starts)</i>
	16:30	<b>Peter V. Coveney (UCL)</b> The role of theory, modelling and simulation in the emergence of life
	18:00	Dinner
	19:30	Project talks P05 - P07 (each 10+10 min)
	<hr/>	
Tue. Feb 18 <sup>th</sup>	07:30	Breakfast
	08:30	Project talks P01, P14, P16 (each 10+10 min)
	09:30	Buffer Break
	09:45	<b>Chris Greenwell (Durham University)</b> Life on the edge? Studying biomolecules at layered mineral interfaces
	11:15	Coffee Break
	11:40	<b>Matthew Pasek (University of South Florida)</b> Phosphite oxidation and the potential for prebiotic chemical disequilibria
	13:10	Lunch packs & Skiing
	18:00	Dinner
19:30	Project talks P02, P09, P10 (each 10+10 min)	
<hr/>		
Wed. Feb 19 <sup>th</sup>	07:30	Breakfast
	08:30	Project talks P03, P04, P13 (each 10+10 min)
	09:30	Buffer Break
	09:45	<b>Martin van Kranendonk (University of New South Wales)</b>
	11:15	Coffee Break
	11:40	<b>Eoghan Reeves (University of Bergen)</b> Abiotic organic production in seafloor hydrothermal systems: a synthesis of exp. and field observations
	13:10	Lunch packs & Skiing
	18:00	Dinner
19:30	Poster Session & Drinks	
<hr/>		
Thu. Feb 20 <sup>th</sup>	08:30	Breakfast / Check out
	09:30	Project talks P08, P11, P12, P15 (each 10+10 min)
	10:50	Coffee Break
	11:15	Discussion Round
	12:15	Departure from Hotel
	13:04	Departure from Brixen Train Station (EC 80)
16:25	Arrival to Munich Central Station
